CARE INSTRUCTIONS
 As these pieces are completely made with natural materials they need to be treated with care. Please wash these garments in cold water, separately from other items, with gentle, PH neutral soap. (Shampoo actually works well in a pinch!) Do not let it soak. You may notice a little blue coming out into the water - this is normal and will not happen after a couple of washes. We recommend hang drying instead of machine drying, though this is more of recommendation to preserve our planet. Please do not hang dry these garments in direct sunlight - this can cause excessive fading. A small amount of fading over time can occur - this is normal and adds to the beauty. Think of them like your favorite pair of blue jeans, but made with only plant based materials from mother nature.
